Waxing Services versus shaving

Our waxing services are performed using the World Renowned French Depilatory wax line Cirepil. Cirepil is versatile because it works well with all skin types and removes hair effortlessly. Although waxing is a good alternative to shaving it may temporarily irritate sensitive skin. Waxing is an excellent alternative to shaving because it helps keep your skin smooth longer than shaving. Shaving only removes hair at the surface, while waxing removes it from the root under the skin and it takes longer to grow back. If you wax you will save yourself time and effort to keep beautiful, beautiful skin. At Sensational Styles & Spa Inc., we provide you with privacy, comfort and care. We are sure you will be happy when you leave! If you choose to shave ~Chin ~Sideburns ~FullFace~Back~ Chest~FullArm~ UnderArm~Tummy~ FullLeg~LowerLeg ~Bikini~ you may be shaving every day as opposed to every 2-4 weeks with waxing. Waxing is like skin care. All Cirepil products are gentle to the skin and will leave your skin feeling soft and smooth for weeks. Give us a call for your waxing service and take advantage of the coupon we are offering. We are here because we care!
