### New Dashing Diva Nails

Cell phones, e-mail, telecommuting. Modern technology has changed the world. So why are you still sporting a less-than-fabulous set of nails? From nail biters to nail abusers, Dashing Diva's got you covered — literally.

Try our Virtual Nails™ and discover what it's like to have beautiful nails all the time. Over a decade in the making, these patent-pending, clear, full-cover nails are a real innovation. They come in *hundreds* of sizes and curvatures, so they fit like a "glove" every time. Unlike acrylics or UV gel nail extensions, with Virtual Nails™, there's no filing or drilling and virtually no damage to the natural nail bed. Once you've been sized, Virtual Nails™ require only minutes to apply in our salon, using special glue we created that keeps them in place for up to 2 weeks. With Virtual Nails™ there's no need for fill-ins either. After 2 weeks of wear, you just soak them off for 10-15 minutes in our special "Magic Melt" solution and put on a whole new set . . . or go back to sporting your own natural nails. Now *there's* a proposition that resonates with nail biters, not to mention all you "toe-in-the-water" types. Since Dashing Diva introduced their product, over 3,000 customers have tried Virtual Nails™ and have been spreading the word about this revolutionary new product ever since. Maybe it's time for you to see for yourself what all the *buzz* is about.

YOUR SKIN IS THE LARGEST ORGAN OF THE BODY AND NEEDS TO BE NOURISHED AS WELL! FOR THE FACE: ALLOW OUR SKIN SPECIALISTS TO PROVIDE A DEEP LOOK INTO YOUR SKIN'S HEALTH THROUGH THE LATEST ADVANCES IN SKIN ANALYSIS. A TARGETED SKIN REGIMEN WILL OFFER EXCEPTIONAL RESULTS.

## Q. My skin gets so dry in the cold weather; what can I do?

**A.** DN-24 Hydra crème is a super-charged moisturizing crème containing 25,000 i.u. of Retinol-A (Vitamin A) and Vitamins C, B, D and E. It rehydrates and re-energizes skin, then reprograms it to resist environmental stresses and combat aging. The intensive concentration of vitamins in DN-24 Hydra crème shields the tissues from free radicals and lessens the risk of skin damage. Skin's metabolism speeds up at night, expanding capillaries and making the skin most receptive to nourishment. Cells rejuvenate at their fastest rate during this time. DN-24 Hydra crème keeps skin on a 24-hour continuum of protection and repair.
